### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- A. Claim 23, in lines 10-11, and in line 19 "and said connected magnetic armature (3)" has been canceled as being redundant to lines 7 and 10.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is the limitation of a first gap having a magnetic force between a magnetic armature and a magnetic core for axially moving the magnetic armature between first and second end positions, and a second gap for regulating/adjusting the magnetic force as further encompassed by the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
